### Council Accepts Bid on Sweeper for City Streets

The City Council Monday night accepted the bid of the Edward F. Wayne, Hayward, manufacturer of the Wayne street sweepers, for a new machine to be delivered in 60 days after the order is placed. For the past eight months the city engineer has studied catalogues and seen demonstrations of various types of sweepers. His recommendation of the Wayne, at a price of \$7,738.75, was the result of this careful study and investigation. The price includes an extra broom, pick-up broom and tax.

A representative of an Oakland manufacturing sweepers was at the council meeting and offered a reconditioned machine at \$3,700, rather than cancel all bids and open bidding, and acting upon the technical recommendations of Engineer E. A. Tarr, the council accepted the offer.

The new machine is of two capacity against a capacity of 100,000 cubic feet of dirt per hour as offered in the second machine. This extra yard will reduce the number of times refuse is dumped, shoveled into trucks and hauled to the city dump, at added expense for a man and truck for the job. This fact, coupled with the idea of buying a new machine of tested and proven worth instead of a reconditioned sweepers, were the principal reasons for Tarr's recommendation of the new machine.

Other council business included approval of gasoline bids from Union Oil Company and the approval of summer vacations for Marjorie Martha Woodworth and Betty Preston.

### Provisional Budget Adopted by City School Board

A provisional school budget for 1948 was adopted by the Albany Board of Education Tuesday, June 24. Substantially higher than that of last year, the new budget provides for expenditures totaling \$794,000 out of a total proposed budget of \$741,730, inclusive of refunds.

The increased budget is made possible by receipt for the district of approximately \$198,500 more than the state for this coming year. Additional money is a result of the state equalization bill passed last year. Proposition 3 gives recognition to the relative wealth per pupil of school districts and is beneficial to Albany as the city's assessed valuation is relatively low in comparison to other school districts.

The same tax levy of \$1.60 which has been in effect for several years, with the added state money, will finance the new budget at no cost to the taxpayers. The increases in contemplated expenditures are necessitated largely by substantial salary increases for all school employees and increased costs of supplies and materials. The new budget will provide for improved services and the establishment of a substantial reserve.

### Chief Williams Urges Careful Driving Over July Fourth Weekend

Police Chief Stanley Williams announced Tuesday that the Fourth of July holiday weekend will again be the occasion for a seasonal traffic enforcement program. The program is being held, he said, in cooperation with the nationwide effort being made by the National Safety Council to reduce the high death toll which occurs each year at this time.

"The Police Department is asking each citizen to take special precautions in an effort to save lives and property over the Fourth," Chief Williams said.

He predicted that traffic will be unusually heavy during this year's celebration, for thousands are still catching up on the pleasure driving they had to forego because of restrictions on travel during the war years.

"The long weekend, the festive spirit of the holiday and more motorists on the road will make the Fourth this year a time of real hazard," Williams said. "Let's all work together to make Albany one place where the Fourth of July does not mean death and disaster to any of our people. Instead, let us make it a day of joyful and safe celebration of the independence which it commemorates."

### Fire on Roof of Albany Home

A sparkler thrown by a 12 year old boy caused a roof fire at the home of George Wells, 505 Ramona Ave., last Friday and brought from Fire Chief Fred Pimental a warning to the city's residents that the only type of fireworks allowed in the city are cap pistols.

Quick action by an alert neighbor who reported the fire and the speedy arrival of fire equipment stopped the blaze before much damage was done.

### Local Exchanges at Annual Convention

The Exchange Club of Albany was represented by Milton D. Gordon and Jack Hamilton at the annual convention of the California State Exchange Clubs held June 26, 27, and 28 in Sacramento, according to President George Fiderio of the local club. In addition to the delegates a number of other members of the local club attended one or more sessions of the convention.

The meeting of the state organization brought together Exchanges from all over California, including many who have served the national and state organizations with distinction for many years.

A. Earl Washburn of Sacramento, past national president of The National Exchange Club, was the guest of honor and principal speaker at the convention.

Until his removal to Sacramento to serve as State Director of Reconstruction and Reemployment in the administration of Governor Earl Warren, a fellow Exchangite, Mr. Washburn was a resident of Oakland. He has been active in Exchange for a quarter of a century.

### Independence Day

On this day 171 years ago men who loved freedom took up their quill pens and put their names to the Declaration of Independence. Thirteen colonies were launched upon the road to democracy. It has proven a road beset with many obstacles and often stained with the blood of generations who, like those first signers of that historic document, also loved freedom.

Today the goal of complete freedom is still far from sight. The obstacles are still many and great. But unlike the days when a man could recognize his enemies and draw a bead upon them, the foes of democracy today are hidden with clever disguises.

America today is threatened with an enemy who fights with all the weapons of intelligent men well trained in the subtleties of politics and diplomacy. These hidden foes are not to be underestimated. They

can not be laughed off or dismissed as "radicals" or "crackpots." Theirs is a grim purpose and they know how to go about fulfilling it.

Race against race and creed against creed is their secret weapon. They are seemingly intent only upon the safety of America but their hidden purpose is to foster dissatisfaction with our American way of life and lure us into accepting their ideologies in trade for the things America has always represented.

America must remain ever alert. We must declare again on this day our independence of any creed except that of American decency and belief in Democracy. Only by an alert recognition of the forces threatening our land and the grim determination to thwart those enemies who would destroy us can we retain the things which have built this great and beautiful nation.

### Key System Files With P.C.U. for Commute Refunds

Permission to refund approximately \$117,000 to some 22,500 transbay commuters for tickets not used during the transportation strike was sought Monday by Key System Transit Lines in a petition filed with the Public Utilities Commission by T. J. Manning, president and general manager.

The petition covers only the period of the strike, and is a special concession sought for the benefit of commuters. Other refunds will be handled in the usual manner.

The petition asks special authority to refund 14 cents for each unused ticket from June 11 to June 28, inclusive, in the case of the \$8.50 commute book, a total of \$5.04 for the 18 days.

In the case of the \$9.75 books the refund would be 16 cents for each ticket, or a total of \$5.76.

In both cases the amount of refund is based upon one-sixtieth of the purchase price of the book, and represents the amount paid for each ticket.

The petition also requires that the refund be made at the company's ticket office at the San Francisco bay bridge terminal, and the commuter will be required to present in person the commutation book cover.

Refund payments will be made only during the calendar month of July, commencing at a date to be announced after the Public Utilities Commission approves the request.

No applications for refund received by mail will be honored, according to the petition.

The petition also points out that the refund arrangement is requested because of conditions beyond control of the company, and is not to be considered as establishing a precedent.

### VFW Dances

Old and young alike are promised a good time each Saturday night beginning July 12, when Albany Post 2658, VFW, inaugurates their program of summer dancing both modern and old style. According to Lloyd Blair, dance committee chairman, the VFW has booked Mable Christensen's famous orchestra for the series of dances.

### Howell, Glavinovitch Given Eagles Award

Edwin S. Howell, Superintendent of Recreation, and George Glavinovitch, City Attorney, were given the Civic Service Award of the Fraternal Order of Eagles at an initiation meeting held in the Eagles Hall on June 16. The award was presented for outstanding interest and achievement in civic affairs in Albany.

Eagle president Matt Zack presented the certificates. A dinner honoring Howell and Glavinovitch was held in the buffet room following the meeting.

### MORGAN'S MEANDERINGS

By M. S. T.

Tuesday night I saw a red horse flying through the air. Just as I was about to sign the pledge I discovered it to be a blimp advertising Mobilgas. It is rigged up with neon to change from a moving red horse to letters of white extolling the virtues of Mobilgas.

Nick Reckas tells me his plans for a memorial lane on Key Route Blvd. are going great guns. The American Legion and Chamber of Commerce are just two of many organizations lending a helping hand.

Never a dull moment. Pounding away on my ancient typewriter I was startled by a loud crash on a more or less peaceful Tuesday evening this week. An old gentleman from Bakersfield was taken with a fainting spell and crashed into the side of a car driven by a woman from Richmond. No one hurt, not too much damage.

Round about town . . . The brothers Villa, Joe and Henry, talking together in front of the office where Kash Is King. A strike-resemblance . . . Fire Chief Pimental mustering his forces from the committee meeting for the Fourth of July when the siren sounded. . . . Ed Howell trying to get around Petrillo and secure some music for the parade. . . . Albany Hill getting a fiery haircut as the city begins to burn dry grass.

Mrs. J. R. Moon, 823 Stannage Ave., is reported seriously ill in her home. Her brother, D. G. Parker, is here from Burley, Idaho, to spend a few days with her.

Old wagons, stages and buckboards will be entered in the parade which will be part of Albany's "Safe and Sane Fourth of July" celebration. Riders on this relic are (left to right) Bea Sargent, Audrie Moore, Helen Sargent and Dawn Grisham.—Tribune photo.

### MAYOR AND WIFE RETURN FROM TRIP TO ALASKA

Mayor Lawrence F. Williams returned to Albany Monday with a story of how an eagle crashed into the tail section of the big four-motored Pan-American plane upon which he and Mrs. Williams and Mrs. J. H. Krammerer were en route home after three weeks in Alaska. Estimated to weigh about 60 pounds the big bird put a sizeable dent in the right stabilizer of the plane and forced a four-hour layover on Annette Island, just out of Juneau, Alaska.

"We had just taken off from Juneau," stated the Mayor, "when there was a heavy thump against the plane. The hostesses advised us to fasten our seat belts and the plane began to circle the landing strip at Annette. After we landed the Pan-American officials at the field told us that a huge eagle had barely missed crashing the front of the plane and had smashed into the tail section."

"We stayed at Annette, had lunch in the beautiful quarters provided for emergencies and then were taken across the island to another airfield where we boarded another plane for the remainder of the trip home."

Williams reported splendid weather with unlimited visibility on the flight to Kodiak, Alaska, where they visited his daughter and her husband, Ensign Jack Krammerer, a disbursing officer for the Navy. They found Kodiak to be an island of about 100 miles in diameter with one large town and a few native villages comprising the population.

Travel was limited to a radius of forty miles since there are only two roads on the entire island.

What the visitors found most interesting was the long period of daylight. "The sun went down at about ten in the evening and rose again at about one a. m. I could see the plain gold hands on my wrist watch at one in the morning," Williams laughed, "and we found it rather hard to sleep with such short hours of darkness."

### Superintendent Bryan Receives Doctorate

Paul C. Bryan, Superintendent of Albany City Schools since 1941, received his Ed. D. (Doctor of Education) degree at the University of California on Saturday, June 21. Dr. Bryan, who started his graduate work toward this higher degree in 1942, wrote his dissertation on the subject of "Equalization of State Aid for Pupil Transportation." The purpose of the study was to develop a defensible method by which the state may share in the cost of transportation of high school pupils in California. Dr. Bryan's research in this field promises to be the basis for future transportation legislation in California.

### Bishop's Committee Meets to Study Plans For New Parish Hall

At a special meeting of the Bishop's committee of the St. Alban's Church last Sunday night, plans were studied and contractors discussed for the new parish hall and community center to be built at the corner of Curtis and Washington. A meeting will be held on the evening of July 6 to name the contractor for the job and discuss any last plans necessary to start construction. Work is expected to start in Mid-July.

Albany's big safe and sane Fourth of July celebration is all set to go with a parade scheduled to last a full hour starting at 10 a. m. Parade Marshal Bert E. Hill reports that a number of cups and trophies will be awarded to the various classes of entries. The Exchange Club, the Mayor's Fourth of July committee and individual local merchants will give cups. Children ten years of age and under, entered in the parade in costume or on decorated carts will be given free ice cream at the end of the parade.

Assemblyman Thomas Caldecott, Eighteenth Assembly District, Albany and Berkeley, will deliver a short Independence Day address at 2:15 following flag raising ceremonies by the Albany Boy Scouts at Memorial Park.

The Albany Folk Dancers, under the direction of Mr. and Mrs. Dave Boyce, will present a number of exhibition dances in the high school gymnasium in the afternoon from three to six. Informal hall-room dancing to the smooth rhythm of Leo Banovich's eight piece orchestra in the Memorial Building will complete the day.

### Marin Dads Win Mayor's Cup in Softball League

The Marin Dads defeated the Berkeley Y.M.I. by a score of 6 to 3 to win the Mayor Lawrence Williams' Cup in the Albany Recreation Department championship play-off at Memorial Park, Sunday, June 29.

The Dads took a 1 to 0 lead in the third inning on a triple by Mroczko and a perfect bunt by Balas scoring Mroczko from third.

The Berkeley Y.M.I. came back in the fifth scoring two runs on singles by Avarillo, Gimble and a double by Silva. They scored another run in the sixth to lead the Dads 3 to 1 on a walk by Mariscano and a double by Navarro.

At this point of the ball game the Dads showed championship hitting power and with two walks and an error, scored five runs on doubles by Danner, Vandagriff and Balas, and a single by Wolff. Douglas, ace chucker for the Dads, gave up four hits, walked three and struck out none while Franco, Y. M. I., struck out ten and walked two, giving up six hits.

The trophy will be awarded by Mayor Lawrence Williams preceding the all-star softball game on the Fourth of July at 2:30 p. m.

### Don Moore Graduates

Donald B. Moore, son of Mr. and Mrs. Y. W. Moore, 957 Stannage Ave., has been admitted to the College of Physics at the University of California where he will study for his Doctorate of Physics. Donald was a member of the Spring class recently graduated from U. C. During the war Donald served with the Army in Germany and Italy in a bomb disposal unit. He and his father own the Moore and Son Electric Co., 1166 Solano Ave.

### Merchantmen Win

The Albany Merchants baseball team defeated the Chapel of the Oaks by a score of 5-4 in 10 innings of closely contested ball playing last Sunday at James Kenny Park, Berkeley. On July 4th the Richmond Merchants will be the opponents of the locals at Nichol Park in Richmond at 2:30.

### Presbyterian

Dr. Stanley A. Hunter will preach at the Independence Day Service at Saint John's Presbyterian Church, 2640 College Avenue, Berkeley, Sunday at 11:00 a. m. on "What's Right With America." Miss Grace Adams East will play the trumpet.

At the 5:00 p. m. Vesper Service, Professor George Frederick Krueger of San Francisco Theological Seminary, will lead the congregation in a hymn sing. Mr. Krueger is a graduate of the Westminster Choir School in Princeton, New Jersey, and served as the choir director of Calvary Presbyterian Church in San Francisco up until recently. He is building a great A Cappella Choir at the Seminary, and each summer runs a Choir School for the benefit of those interested in church music who either want to direct or sing. This year it will begin July 8 and run until July 21. Mr. Krueger is gifted in getting church congregations to sing hymns as they should be sung. This service will be an education to all who come. Dr. Stanley A. Hunter will tell the stories of hymns that are sung.

Pedestrians who step out into a traffic lane from between parked cars or from behind an obstruction expose themselves to extreme danger, since approaching drivers often cannot see them in time to stop.

### Red Cross

A Home Nurse in every home is the goal set by Berkeley chapter, American Red Cross, according to Mrs. Dorman Downing, Home Nursing chairman. To reach this goal a series of Home Nursing classes will be given at the chapter house, 2116 Allston Way, beginning June 26.

The science of geriatrics, or the science of the care of the aged, is one of the subjects to be discussed in the classes. This science, said Mrs. Downing, is becoming as important as pediatrics. Because of the acute nurse shortage and the difficulty of getting into rest homes, the Home Nursing classes offer much helpful information to assist in the care of the aged in the home, she declared.

SPRING GLORY PATTERN

### International Sterling

SPRING GLORY is an outstanding example of originality in flatware design... Daringly new in conception and excitingly beautiful in effect... A young design, a design to evoke memories of youth and Spring... The decoration flows up one side of the handle, swings over gracefully to the other side and unfolds into a single flower, boldly carved and emphasized by openwork. It is a brilliantly successful use of unbalanced ornament in lustrous sterling... See it today!

### Albany Boy Hit By Horseshoe

This is one time a horseshoe in any direction isn't good luck.

Jerry Rogers, 13, son of Mrs. Eva Rogers, 1135 Ninth St., was treated at Herrick Hospital for two severe bruises, one on each side of the head, result of standing behind a horseshoe stake at Albany's Memorial Park and taking a "ringer."

The youngster was released after emergency treatment at the hospital and it was not believed he will suffer any complications. Jerry told Police Officer Robert Turley today he was intent on watching the game and got too close to the stake.

A clean, unobstructed windshield giving a clear view of the roadway is essential to safe driving.

DURING THE WAR the Armed Forces relied invariably on camouflage to conceal troop movements and military bases. And the same principles of utilizing materials and color can be applied in the home to hide those poorly designed features which are too frequently present.

Disguising the structural form of windows has been common practice among decorators for some time. For windows seem to offer more problems than any other part of a room. But because the right treatment can do much toward making a charming room—or when improperly handled can have a depressing effect—it behooves us to see that they are the focal points of interest.

Consider the size and shape of each window and their positions in relation to each other and decide how the proportions can be enhanced. Then make the adjustments with curtains and draperies.

One solution for draping two narrow windows with space in between is to treat them as one large

window. A professional air, but an inexpensive one, can be obtained by hanging two pairs of standard size Priscilla curtains. Sew each pair together at the outside edge, ruffle edges out. Then for a wondrous splash of color, dye with turquoise or yellow all purpose dye that is guaranteed to work on any fabric whether natural, synthetic or a mixture. Any gay shade that ties in with the color scheme of the room can be used, of course. Hang one pair each on double rods and drape crisscross fashion.

If the living room "bonnets" of those small, too-high windows on each side of the fireplace, don't diminish the size with heavy curtains. Make a "frame" for the windows out of heavy cardboard covered with bright fabric. Material from the scrap bag can be used for this project by dyeing a vivid color with all purpose dye. Then see the window spring to life. Lucky are those with recessed windows, for they can be used as one would use shadow boxes to display prize glass or china collections.

## Soroptimist News

By BEA RAYMOND

BEATRICE WILLIAMS, NEW PRESIDENT

The Albany Soroptimist Club held their annual dinner and installation ceremonies at the College Women's Club of Berkeley, June 25. Preceding the dinner the following program was carried out: Pledge of Allegiance to the Flag; Star Spangled Banner by the assembly; Invocation by Grace Higgins; and greetings by President Claire McGaw. Introduction of guests and visiting Soroptimists from Oakland, Berkeley, Vallejo and Chico. During the dinner, Janet O'Keeffe entertained the diners by singing two solos in her usual charming manner. After dinner the club adjourned to the lower lounge and continued the following program: Vocal ensemble by the Mosaic Singers; the candle ceremony in charge of Nell Moore; presentation of installing officer, Dr. Ruth S. Thomas, director of Southwestern Region of Soroptimist Clubs, who installed the following officers: President, Beatrice Williams; vice-president, May Ellis Olson; recording secretary, June McMahon; corresponding secretary, Freda Bolton; financial secretary, Dorothy Simmons; treasurer, Dor-

othy Gamble; directors, Clair McGaw, Norma Carr, Hilda Granholt. A soprano solo (Soroptimist pledge) was then sung by Edith Lennox. The new president, Bea Williams, extended greetings. The meeting was then adjourned and the group visited with their own members and visiting soroptimists

extending congratulations to the coming officers and complimenting the retiring officers for a most successful year. The club in its third year has great plans from time to time you will hear about them.

TIRES THAT OUTWEAR PREWAR TIRES

# AT LESS THAN PREWAR PRICES

You get improved quality and reduced prices when you buy B.F. Goodrich Silvertowns—the tire that outwears prewar tires—for less than prewar prices.

Big price reductions have been announced. All popular sizes now cost less than before the war.

Manufacturing costs are still up but so are the calls for Silvertowns. The tremendous demand for the new

Silvertown is greater than for any tire B.F. Goodrich ever produced. More miles have been driven on this new tire than any other tire introduced since the war.

If you need tires, equip your car now with B.F. Goodrich Silvertowns. Take advantage of our new reduced prices for safe, trouble-free driving this summer—weekends, holidays and vacations.

**LEGAL NOTICE**  
**NOTICE TO CONTRACTORS**  
NOTICE IS HEREBY GIVEN that the Board of Education of the City of Albany and of Albany Unified School District of Alameda County hereby calls for sealed proposals to be delivered to the Secretary of the Board at the office of said Board at 1000 Santa Fe Avenue, Albany, California, until Tuesday, the 5th day of July, 1947 at 7:30 o'clock P. M. at which time and place said bids will be opened for the furnishing of all labor, materials, equipment, mechanical workmanship, transportation and services required for painting and decorating the halls and offices in the Marin School building, located at 1400 Marin Avenue, Albany, California, for the Albany Unified School District of Alameda County.

These bids shall be presented in accordance with specifications for said work which are on file at the said office of the said Board of Education located as above mentioned. Bids must be made on proposals obtained at the said office of the Board of Education and accompanied by a certified check, certified to by some solvent bank of the State of California, in the amount of \$1000, being business in the State of California and made payable to the Albany Unified School District of Alameda County, to be retained by the

**Prevailing Hourly Wage Rate**  
Overtime, Saturday, Sunday and Holiday Rates, double time.

The working day shall be eight hours unless otherwise specified. The rate shall be the hourly rate multiplied by the number of hours in the working day. When the number of hours actually worked in the working day as herein stated is worked, the wages to be paid shall be the hourly rate multiplied by the number of hours actually worked.

All skilled labor not listed above and may be employed is to be paid at less than the union wage scale or such labor and in no event to be paid less than One and 40/100 Dollars (\$1.40) per hour.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Properly indentured apprentices may be employed upon this work in accordance with the state law. Such apprentices shall be properly indentured as called for by law and shall be paid not less than the standard wage paid to apprentices under the regulations of the trade at which they are employed. An apprentice shall be employed only at the work of the trade to which he is indentured. The initial wage to be paid an apprentice shall be not less than twenty-five per cent (25%) of the journeyman's wage, being paid and shall be increased each six (6) months in an amount not less than fifteen per cent (15%).

The Board reserves the right to reject any and all bids.

For copies of the contract is awarded, Pub. June 27, July 4, 1947.

**Help for the Blind**

A check for \$20,000, representing the first payment of a fund of many thousands of dollars, is received by Mrs. Adrien Falk, leader in the Guide Dogs for the Blind, Inc., training school at San Rafael. The money was contributed by members of the Alcoholic Beverage Industry of California to furnish seeing eye dogs for every blind veteran declared eligible to receive one by the Veterans Administration. Joseph Tonkin, chairman of the "Eyes for Heroes Foundation," presents the check, while James L. (Roy) Rogers, co-publisher of the Beverage Industry News, sponsor of the fund raising campaign, looks on. Any veteran in any part of the nation is eligible to apply for one of the seeing eye dogs.
